TCE Submission

For select programs, candidates are required to submit Trainee Capability Enhancers (TCE's) as a part of the certification criteria.

TCE's are specially designed enhancers that help candidates apply the conceptual knowledge to potentially real scenarios.

Candidates are required to complete all the TCE's and are also required to seek feedback from the trainer on completed TCE's.

In case if the candidate is not able to successfully complete the TCE's, the certification criteria for those select programs will remain incomplete and the candidate would not be deemed as certified.
